

## **Introduction**

The publication comprises results of the statistical report EP 5-01 (Annual Report on Fuels Stocks and Fuels and Energy Consumption) processing in 2024.

Obligation to submit the statistical report EP 5-01 refers to reporting unit (enterprise) with 20 and more employees, and to selected enterprises with significant or specific fuel and energy consumption. The method of the statistical survey is combination of full and sample survey.

In the publication the fuels and energy consumption is presented according to the CZ-NACE 2008 division codes. Data relating to 2023 and 2024 are preliminary.

The publication presents eight selected common fuels and energies: hard coal, lignite, coke oven coke, natural gas, motor gasoline, diesel oil, liquefied petroleum gas (LPG) and electricity. Until 2024, the publication included brown coal briquettes (BKB), from 2025 the fuel is replaced by liquefied petroleum gas.
