| <b>Celkem</b>                                                                                       | <b>117 373</b> | <b>117 913</b> | <b>112 782</b> | <b>112 744</b> | <b>109 527</b> | <b>109 768</b> |
| I. Některé infekční a parazitární nemoci (A00 - B99)                                                | 356            | 245            | 251            | 229            | 266            | 265            |
| z toho: tuberkulóza dýchacího ústrojí (A15-A16)                                                     | 105            | 79             | 92             | 83             | 112            | 113            |
| II. Novotvary (C00 - D48)                                                                           | 28 327         | 28 631         | 27 879         | 28 008         | 28 015         | 28 185         |
| z toho: zhoubné novotvary (C00 - C97)                                                               | 28 052         | 28 462         | 27 742         | 27 836         | 27 866         | 28 038         |
| zhoubné novotvary tlustého střeva (C18)                                                             | 2 414          | 2 354          | 2 421          | 2 486          | 2 481          | 2 540          |
| zhoubné novotvary konečníku (C20)                                                                   | 1 212          | 1 256          | 1 161          | 1 147          | 1 164          | 1 175          |
| zhoubné novotvary hrtanu (C32)                                                                      | 317            | 304            | 304            | 299            | 318            | 265            |
| zhoubné novotvary průdušky a plic (C34)                                                             | 5 543          | 5 772          | 5 574          | 5 543          | 5 416          | 5 607          |
| zhoubné novotvary prsu (C50)                                                                        | 2 004          | 2 066          | 1 907          | 1 966          | 1 928          | 1 920          |
| zhoubné novotvary mízní, krevetvorné a příbuzné tkáně (C81 - C96)                                   | 1 748          | 1 779          | 1 740          | 1 793          | 1 815          | 1 876          |
| III. Nemoci krve, krevetvorných orgánů a některé poruchy týkající se mechanismu imunity (D50 - D89) | 119            | 116            | 120            | 116            | 89             | 92             |
| IV. Nemoci endokrinní, výživy a přeměny látek (E00 - E90)                                           | 1 391          | 934            | 849            | 1 057          | 1 543          | 1 233          |
| V. Poruchy duševní a poruchy chování (F00 - F99)                                                    | 74             | 65             | 62             | 60             | 70             | 73             |
| VI. Nemoci nervové soustavy (G00 - G99)                                                             | 1 023          | 1 113          | 1 100          | 1 213          | 1 197          | 1 262          |
| VII. Nemoci oka a očních adnex (H00 - H59)                                                          | -              | 1              | -              | -              | -              | -              |
| VIII. Nemoci ucha a bradavkového výběžku (H60 - H95)                                                | 4              | 2              | -              | -              | -              | -              |
| IX. Nemoci oběhové soustavy (I00 - I99)                                                             | 65 132         | 65 951         | 63 145         | 63 334         | 60 397         | 60 286         |
| z toho: infarkt myokardu (I21 - I23)                                                                | 14 854         | 13 822         | 12 859         | 10 158         | 11 697         | 11 847         |
| ostatní formy ischemické choroby srdeční (I20, I24, I25)                                            | 15 829         | 16 620         | 14 986         | 15 968         | 12 343         | 12 674         |
| cévní nemoci mozku (I60 - I69)                                                                      | 19 130         | 18 139         | 16 919         | 15 221         | 16 651         | 17 007         |
| X. Nemoci dýchací soustavy (J00 - J99)                                                              | 4 636          | 5 076          | 4 677          | 4 314          | 4 105          | 4 659          |
| z toho: záněty plic (J12 - J18)                                                                     | 2 226          | 3 041          | 3 080          | 2 595          | 2 089          | 2 453          |
| XI. Nemoci trávicí soustavy (K00 - K93)                                                             | 4 470          | 4 326          | 4 146          | 4 024          | 4 158          | 4 248          |
| XII. Nemoci kůže a podkožního vaziva (L00 - L99)                                                    | 28             | 34             | 22             | 11             | 2              | 9              |
| XIII. Nemoci svalové a kosterní soustavy a pojivové tkáně (M00 - M99)                               | 68             | 60             | 36             | 38             | 33             | 39             |
| XIV. Nemoci močové a pohlavní soustavy (N00 - N99)                                                  | 1 745          | 1 581          | 1 621          | 1 365          | 1 406          | 1 447          |
| XV. Těhotenství, porod a šestinedělí (O00 - O99)                                                    | 7              | 2              | 5              | 2              | 5              | 6              |
| XVI. Některé stavy vzniklé v perinatálním období (P00 - P96)                                        | 400            | 400            | 308            | 302            | 237            | 205            |
| XVII. Vrozené vady, deformace a chromosomální abnormality (Q00 - Q99)                               | 341            | 257            | 193            | 182            | 184            | 155            |
| XVIII. Příznaky, znaky a abnormální klinické a laboratorní nálezy nezařazené jinde (R00 - R99)      | 696            | 617            | 575            | 642            | 807            | 679            |
| XX. Vnější příčiny nemoci a úmrtnosti (V01 - Y98)                                                   | 8 556          | 8 502          | 7 793          | 7 847          | 7 013          | 6 925          |
| z toho: sebevraždy (X60 - X84)                                                                      | 1 872          | 1 733          | 1 568          | 1 666          | 1 613          | 1 610          |
