

## Dear Users:

This first summary of statistical data for **2013** is dedicated to be used by the most general public. It provides selected pieces of information on the Capital City of Prague, which the Czech Statistical Office processes and then provides the users with.

Data, published in this booklet, were obtained thanks to your willingness to answer questions of the Czech Statistical Office surveys carried out in households, enterprises, or in government institutions. These are data which in their aggregated forms are utilised by other users, yet also by those who were their originators – that means private enterprises, government institutions, and the general public.

The CZSO web pages are the main source of statistical data for the public. Statistical data on fourteen regions of the Czech Republic and other territorial units are published on web pages of the Regional Offices of the Czech Statistical Office. **All data, which are under standard regime of processing and cover the whole Capital City of Prague and the City parts**, can be found at [www.praha.czso.cz](http://www.praha.czso.cz). You can find all issued **publications** there, too.

Numerous pieces of information **are presented in the English language**. These are namely the Statistical Yearbook of Prague (Numeri Pragenses), Lexicon of Prague, and all time series at [www.praha.czso.cz](http://www.praha.czso.cz).

At the end of this brochure, you will find outputs that we plan to publish this year. However, we would like to draw your attention to a publication issued in the last year. It is the **2011 Population and Housing Census - Capital City of Prague – Analysis of Results**, which includes final data even for lower territorial units of Prague.

**Data from the 2011 Population and Housing Census published so far** you can find (in the Czech language) at [http://www.praha.czso.cz/xa/redakce.nsf/i/scitani\\_lidu\\_domu\\_a\\_bytu\\_2011](http://www.praha.czso.cz/xa/redakce.nsf/i/scitani_lidu_domu_a_bytu_2011).

Closing the foreword we would like to encourage potential and all data users to get in touch with us. **Necessary contacts you can find on the last page of this brochure.**

Tomáš Mládek

Head of the Information Services Unit

Regional Office of the Czech Statistical Office in the Capital City of Prague
